PROFILE

Bilingual **Frontend Developer** with a **C1 level of English**, experienced in **Next.js**, **Tailwind CSS**, and **JavaScript**. Specialized in **building modern, functional,** and **well-structured interfaces** that enhance **user experience (UX)**. I am known for being **creative, responsible,** and **collaborative**, with a strong orientation toward **teamwork and continuous learning**. I enjoy working in **agile** and **dynamic environments**, contributing both **technically** and **interpersonally**. I am currently seeking to continue **growing professionally** and **adding value** to every project I join.

PROJECTS

Full Stack Web Developer - L-tronics E-commerce   may 2025 - june 2025
Academic Experience. Henry Bootcamp

Application simulating the complete user flow in an **e-commerce** platform, from **registration**, **product browsing**, and **cart management**, to **checkout** and **logout.**

Main responsibilities as a developer:

- **Designed and implemented** interfaces using **Next.js**, **TypeScript**, and **Tailwind CSS**.

- **Developed REST API** with **Express** for managing users, products, and purchase orders.

- **Integrated PostgreSQL database**, including data modeling and efficient queries.

- Managed **user authentication** and **authorization.**

- Implemented **shopping cart logic** and **order processing**.

- **Deployed** the application **on Vercel** and configured the database connection.

Technologies used:
Front: Next, TypeScript, Tailwind CSS
Back: Express
Data Base: PostgreSQL.

Deploy: https://proyecto-m4-eight.vercel.app/ Repository: https://github.com/Franki09/PM4FE-Franki09

More Information in the Portfolio

Front End Web Developer - Solvex Company Helpdesk Platform   june 2025 - august 2025
Academic Experience. Henry Bootcamp

Helpdesk platform designed for companies to manage reports, task assignments, and real-time issue tracking. Developed as a team project, **specializing in the Front End** implementation along with two other developers.

Main responsibilities as a developer:

- **Designed and implemented optimized** interfaces using **Next.js**, **TypeScript**, and **Tailwind CSS**.

- **Built reusable views** and **components** for **incident registration, tracking,** and **updates.**

- **Integrated API** for **real-time data display** and **updates**.

- Implemented **user filtering**, **search**, and **pagination systems**.

- Collaborated in **optimizing UX** and **improving navigation**.

- Worked in an **agile team environment** using **Git/GitHub** for version control.

Technologies used:
Next, TypeScript, Tailwind CSS

Deploy: https://solvex-front.vercel.app/   Repository: https://github.com/solvex-company/solvex-front

WORK EXPERIENCE

Front End Developer Intern – QIVLI (Internship)
September 2025

Participated in the development of a **marketplace** where driving schools can offer their courses. **The platform aims to be practical** both **for users** who want to learn to drive and **for schools** offering their services.

Main responsibilities as a developer:

- Developed **modern**, **responsive**, and **user-oriented interfaces** with **Next.js**, **TypeScript**, and **Tailwind CSS**.

- Implemented **interactive components** for **searching** and **viewing courses**.

- Created and validated **forms for registration**, **purchase**, and **user management**.

- **Optimized site performance, accessibility,** and **user experience.**

The project was not completed within the internship period. Both the repository and the deploy remain private or unavailable.

TECHNOLOGIES

Programming Languages: JavaScript, TypeScript,
Framework Tools: Next, React
Database: PostgresSQL
Tools: GitHub, Slack, Discord.
Agile: Scrum.

PROFESSIONAL EDUCATION

- **Full Stack Web Developer**. Henry Bootcamp. March, 2025 -August, 2025.
